

PARTNERSHIP OPPORTUNITIES

We had a crazy idea; that if we created a roller derby team made up of diverse, passionate women willing to train hard, break bones and sweat blood that we could build a league of which our community could be proud. And along with the goals for ourselves, we also want to develop partnerships with cool local businesses so all of us can benefit from greater growth and prosperity. Partnering with Tulsa Derby League is a wise business decision for many reasons. First, you instantly have thirty fit, sweaty new friends; second, at our home bouts, you get excellent exposure to hundreds of enthusiastic people; and third, the potential is great for further promotional opportunities, such as coupons, giveaways, testimonials, and advertising. By partnering with Tulsa Derby League, you will be able to increase brand and product awareness, drive sales and reach larger audiences. We can even arrange custom promotions to match your needs. I would love to discuss what our team can do for you!
